Benefits of donating to a charity as a business

1. Make a Local Impact

Your donation helps us support cancer patients and their families in Milton Keynes and surrounding areas - in hospitals, at home and in the community.

2. Boost Your Brand Reputation

Align your business with a trusted, compassionate charity making a real difference.

3. Engage Your Team

Giving back boosts staff morale, encourages team spirit, and offers great 'giving back' opportunities - from fundraising to volunteering.

4. Positive Publicity

We proudly shout about our business supporters online and at events, giving your brand meaningful exposure to our audience and community.

5. Be Part of Something Bigger

Your support helps ensure no one in our community faces cancer alone. It's more than a donation, it's a legacy of kindness.

Ways Your Business Can Support Us

There are so many meaningful ways your business can get involved with Al's pals.

You could book a table at our gala ball and enjoy a night of Celebration while supporting a local cause, or choose us as your Charity of the year to make a lasting impact.

Monthly giving or event sponsorship helps us

provide consistent support to cancer patients and their families.

You can also get hands-on by volunteering, hosting a fundraiser, matching employee donations, or donating a prize for one of our raffles or auctions.

However you choose to help, it all makes a difference.
